PROFESSIONAL SUMMARY

Software Engineer with **6+ years of experience** building and maintaining production applications, APIs, integrations, and data-driven systems across backend and frontend environments. Strong background in **C#, .NET, ASP.NET Core, Web APIs, SQL Server, React.js, JavaScript/TypeScript, REST APIs, modular architecture, testing, debugging, and system integration**. Experienced in developing reusable services and components, optimizing application performance, handling complex business workflows, and designing reliable systems with **error handling, validation, logging, retries, and failure recovery**. Currently expanding hands-on expertise in **AI tooling, AI-assisted development, agent workflows, tool calling, structured outputs, automation, and evaluation of AI-driven systems**. Comfortable working across unfamiliar codebases, experimenting with emerging technologies, and collaborating in distributed engineering environments.

CORE TECHNICAL SKILLS

Category	Skills
AI & AI Engineering	AI Tools, AI-Assisted Development, AI Agent Workflows, Agent Loops, Tool Calling, Context Management, Structured Outputs, AI API Integration, Prompt Engineering, AI Evaluation & Testing
Languages	C#, JavaScript, TypeScript, SQL, VB.NET, HTML5, CSS3
Backend & APIs	ASP.NET Core, ASP.NET MVC, .NET 6/7, Web API, REST APIs, RESTful Services, Entity Framework Core, ADO.NET, LINQ, SOAP, Swagger/OpenAPI, Postman
Frontend	React.js, JavaScript ES6+, TypeScript, JSX, HTML5, CSS3, Bootstrap, jQuery, AJAX, Razor
Architecture & Engineering	Modular Architecture, Clean Architecture, SOLID, Design Patterns, Repository & Unit of Work, Reusable Components, API Integration, System Integration, Authentication & Authorization, RBAC
Reliability & Distributed Systems	Error Handling, Exception Management, Logging, Validation, Retry Mechanisms, Timeouts, Failure Recovery, API Resilience, Performance Optimization, Distributed Application Concepts
Testing & Debugging	Debugging, API Testing, Integration Testing, Regression Testing, Postman, Swagger, Testable Code, Production Issue Analysis, Performance Troubleshooting
Databases	SQL Server, MySQL, Oracle, MongoDB, Database Design, Query Optimization, Stored Procedures, Indexing, Data Integration

PROFESSIONAL EXPERIENCE

Senior Lead Software Engineer | Muhammad Labs LTD | Dec 2025 – Present

Northern Ireland, United Kingdom · (Remote)

- Delivered **ERP, POS, e-commerce, and AI-enabled solutions**, including ASP.NET MVC platforms, payment integrations, and automated workflows.
- Integrated **AI tools/APIs and AI-assisted development** for intelligent automation, code generation, debugging, testing, and productivity.
- Built reusable **JavaScript/TypeScript modules, REST APIs, and modular backend components** with reliability, error handling, and scalable architecture.

Senior Software Engineer | Intrapreneur (Hybrid) | May 2022 – March 2025

Client: Namipay — Fintech & Payments Company, Riyadh, KSA (Remote)

- Designed and developed secure fintech platforms supporting 2.39B+ transactions, 160K+ POS terminals, and 87K+ merchants across Saudi Arabia.
- Developed merchant onboarding, **POS management, payment processing, terminal configuration, and transaction monitoring solutions**.
- Built and optimized **REST APIs**, backend services, and **SQL Server** operations using **C# and ASP.NET MVC**; improved application performance by 25%.
- Delivered solutions aligned with **MADA, ZATCA, PCI-DSS**, and Saudi payment ecosystem requirements; automated reconciliation and settlement workflows using Windows Services and SSIS.
- Collaborated with Agile teams, QA, and business stakeholders on enterprise releases, production fixes, and performance improvements.

Software Engineer | Basecamp Data Solutions (Onsite) | Hyderabad | Aug 2020 – Oct 2021

Client: Rebiz — USA, Ohio (Remote)

- Designed and developed enterprise retail monitoring and compliance systems for multi-location clients.
- Implemented n-tier architectures using ASP.NET MVC, WPF, and SQL Server.
- Developed compliance dashboards, audit reporting modules, and CMS enhancements.

Junior Software Engineer | Basecamp Data Solutions (Onsite) | Hyderabad | Aug 2018 – July 2020

Client: Net2Apps — USA, Houston (Remote)

- Supported development and migration of Camera Monitoring Systems (CMS).
- Migrated legacy XAML modules to WinForms, improving system stability and maintainability.
- Built configuration and bug-reporting portals using ASP.NET Web Forms.

PROJECTS

Project	Technologies / Focus
Payment APIs & Mobile Integration	C# REST APIs, real-time payments, balance checks, digital receipts, partner integrations
Automation & Workflow Services	Windows Services, SSIS, payment reconciliation, settlements, reporting, data processing
Digital Receipt Platform	ASP.NET MVC, bank & merchant API integration, instant receipt generation
Evenue Portal	ASP.NET MVC, event management, analytics, dashboards, reporting, real-time data processing
WASA Billing Management System	VB.NET, SQL Server, Billing & Recovery ERP, users, billing, recovery, reporting
Rebiz – Compliance & Monitoring	WPF, ASP.NET MVC, SQL Server, employee monitoring, audit reporting, compliance
CMS – Camera Monitoring System	WPF, XAML, SQL Server, DVR integration, customer entry, employee attendance, engagement tracking
CMS Server Configuration Portal	ASP.NET Web Forms, SQL Server, server configuration, log monitoring, issue reporting
Custom ERP/POS Solutions	ASP.NET MVC, SQL Server, ERP/POS, inventory, sales, business workflows, reporting

EDUCATION

Master of Engineering – Computer & Information Engineering | March 2016 – May 2019

Mehran University of Engineering & Technology, Jamshoro, Pakistan

CGPA: 3.82

Bachelor of Engineering – Computer Systems Engineering | Jan 2012 – Feb 2016

Mehran University of Engineering & Technology, Jamshoro, Pakistan

CGPA: 3.58

CERTIFICATIONS

- **AWS 3-in-1 Certification** | AWS Solutions Architect Associate, AWS SysOps Administrator Associate, AWS Developer Associate | Sherdil IT Academy.
- **React JS Portfolio Certification** | React Training for Beginners | Udemy
- **CPISM (Certificate of Proficiency in Information System Management)** | Aptech Computer Education

ADDITIONAL INFORMATION

- **Nationality:** Pakistani
- **Professional Verification:** HEC, MOFA & PEC Verified | PEC No. COMP/13063
- **Location:** Riyadh, Saudi Arabia
- **Interview Availability:** Available for interviews in Riyadh
- **Languages:** English (Professional), Urdu (Native), Arabic (Beginner)
